Ravindra Joshi, CDO, Kano Electricity Distribution Company

2 August 2019

SUBJECT: Invitation to attend the Utility CEO Forum: West Africa, co-located with Future Energy Nigeria, 12-13 November 2019, Eko Hotel, Lagos

Dear Ravindra,

It gives me great honour and pleasure to invite you to the **Utility CEO Forum: West Africa**, which is scheduled for **12th & 13th November 2019** in Lagos, Nigeria and co-located with [Future Energy Nigeria](#).

The Utility CEO Forum is an innovative and exclusive platform that Utility CEOs or their executive representative look forward to attend in order to satisfy their leadership needs by:

- brainstorming ideas and networking with their peers
- developing new leadership skills with professional coaches
- gaining insights from trusted industry experts

Following a very successful pan-African forum in Cape Town last may (33 CEOs from the continent attended - group picture below) supported by the African Legal Facility Center, we are excited to continue the conversation and to address challenges specific to your reality at both a national and a regional level.

Our goal is to offer assistance so you can be as successful as possible in your daily responsibilities. The agenda of the forum is design according to YOUR needs. On the agenda this year we propose to include a follow up session on the issues discussed in 2018 as well as to explore deeper some of the innovation coaching initiated in Cape Town. We look forward to your feedback and recommendations to finalize the agenda.

“It was one of the best forum I have ever attended. The networking and resource presentations were just fantastic” William Liabunya, CEO, EGENCO

I hope to have the delight of welcoming you to Lagos this coming November.

Please accept the assurances of my highest consideration.

Marie SACHET
Event Manager: **Utility CEO Forum**
